

MT. STERLING ADVOCATE.

VOLUME XXVI.

MT. STERLING, KENTUCKY, TUESDAY, AUGUST 8, 1916.

NUMBER 6

MANY RARE BARGAINS

Are Offered by the Merchants of this City for "Dollar Day," Saturday, August 12th.

In this issue many rare and attractive bargains are offered by the merchants of Mt. Sterling to the citizens of Montgomery and adjoining counties for Saturday, August 12th, "Dollar Day." You should not fail to read every ad carefully—it means money in your pocket.

This is the first of the "Dollar Day" sales which are to be held in this city the second Saturday in each month and from the many attractive and desirable bargains which the merchants are offering we feel sanguine in predicting "Dollar Day" will make a big hit with the buying public. These sales will be for the cash only, and it is expected that every merchant in Mt. Sterling will soon join in the movement.

LOCAL INSURANCE

MAN HONORED

The National Association of Life Underwriters meets at St. Louis on September 19, 20, and 21. This is composed of local associations throughout the United States. Mr. H. G. Hoffman, of this city, General Agent of the State Mutual Life Assurance Co., has been named as a delegate representing the Blue Grass Life Underwriters Association, whose headquarters are at Lexington. President Wilson is booked to be in St. Louis at that time and will likely address this body of insurance men and, from "past performances" of our townsman who has been so complimented and honored it is quite likely President Wilson may have added to the many burdens (?) of his administration, a "Talk with Hoffman." At any rate "here's hopin'."

AUTO TRUCK LINE

PROVING A SUCCESS

The auto truck line being operated between this city and Mt. Sterling is proving a financial success from its very inception. The big truck is a roomy and comfortable affair of the latest Buick design and is operated by the Mt. Sterling and Lexington Transportation Co. Mr. Robt. L. Stone, of this city, is business manager. The truck makes a schedule trip leaving this city each day at 10:30 a. m. and returning, leaves Lexington about 6 p. m. The passenger rate is \$2 per round trip and the express rates are about the same as the Adams Express Co. rates. No trips are made on Sunday.

SHOW FOR COLORED PEOPLE

The Paramount Theatre opened Friday for colored people only. The very best pictures obtainable will be shown and it is thought that the venture will be a success.

SITUATION IS VERY SERIOUS

Paper Shortage May Cause Large Number of Newspapers to Suspend Publication.

The shortage of white paper becomes constantly more serious. It is so serious that many of the larger newspapers of the country whose contracts for news print are about expiring are threatened with the danger of the suspension of publication because of inability to secure the necessary supply of news print.

Under such circumstances there was held in New York last week a meeting of the publishers of that city and of some of the larger of the Northern and Eastern cities. One result was an agreement among the newspapers of New York City to cut down in the size of their paper an amount equal to 121 pages per week. This may help slightly to relieve the pressure but there is a demand for economy in the consumption of white paper throughout the United States. In spite of all that can be done it is reasonably certain that white paper will bring a much higher price next year than newspapers are now paying where they have contracts made at the beginning of this year.

It is well enough for the patrons of newspapers to understand what is going on in the market of one of the products that enters largely into the cost of newspaper production. It is inevitable that newspapers must find some way next year for an increase in their revenue.

ARRESTS FUGITIVE

Saturday Chief of Police Jas. C. Tipton received information that a young white man named R. K. Stevenson was wanted in Dayton, O., for alleged embezzlement.

Stevenson was a stranger here, but with the aid of a good description of him, Chief Tipton had him under arrest in less than an hour from the time he received the information that he was wanted. Officers from Ohio will arrive here to receive him, as soon as the necessary requisition papers can be obtained.

Visit Mt. Sterling "Dollar Day," Saturday, August 12th—unheard of bargains.

CORRECTION

In our last issue we reported that the infant son of Mr. and Mrs. N. B. Hoskins had died of whooping cough. This report was incorrect, there being a mistake in the name given.

Full line women's hose at the right kind of prices, from 15 cents to \$1.50.

PONY CONTEST CLOSSES SATURDAY. WHO WILL BE THE LUCKY CHILD?

The Advocate Offers the Easiest and Cheapest Plan to Secure Pony Votes.

The Child That Puts in the Hardest Work This Week is Almost Certain to be Returned the Winner.

HELP SOME CHILD WIN BY PAYING UP YOUR SUBSCRIPTION

The merchants' co-operative Pony Contest closes Saturday, August 12, and the winner will be announced as soon as the votes can be counted, which will probably be several days.

The ballot boxes have never been opened since the contest began and so far as is known every child entered has a chance to become the owner of the beautiful pony, trap and harness, which arrived several days ago.

The Advocate's plan of giving 500 votes for every dollar makes it comparatively easy for any child to win this contest who will work for the Advocate the remainder of this

week, and work hard. The way to win this pony outfit is to see all your friends and secure their subscription to the Advocate, get them to pay up what they owe and if possible, a few years in advance. See all your friends, and if they are not already taking the Advocate get them to subscribe—a majority of them will be glad to help you.

This contest positively closes Saturday and the child that works the hardest for the next four days is pretty certain to prove the winner.

Remember, the Advocate gives five times as many votes as any other concern.

THE KENTUCKY MAGAZINE

Col. Webster P. Huntington, a newspaper man and writer of many years' experience and a resident of this city, will some time this fall begin the publication of a magazine at Louisville, Ky., to be known as "The Kentucky Magazine." It is planned by those in charge to pattern the magazine after the Sunset Magazine, of California, and the New England Magazine, of Massachusetts. Col. Huntington should receive the unanimous endorsement of the press and public in this splendid undertaking and we wish the Kentucky Magazine success and are sure under the able guidance of so good a writer as Col. Huntington, that it will soon take front rank in the journalistic field of the United States.

For Sale.

Five shares of the capital stock of the Citizens' Bank of Sharpshurg. Mrs. Wm. L. Milne, (4-t) Roslyn, Md.

AUTOMOBILE SALES

The Mt. Sterling Garage reports the sale of a Buick touring car to Mrs. Fannie Moberley, of the county.

The same garage has sold to W. A. Sutton a beautiful 1917 model six-cylinder Buick touring car and same will be delivered within the next few weeks.

Mr. S. S. Pinney, agent for the Overland, has sold one of the new attractive Overland touring cars to C. B. Wade, of the county.

If you fail to visit Mt. Sterling Saturday, August 12th, "Dollar Day," you will be the loser—such opportune bargains were never offered before.

CHILD DIES

The little child of Mr. and Mrs. William Kissick died at its home in the county last Wednesday. The child was only a few months old and the sorrowing parents have the sympathy of many friends in their bereavement.

For Sale.

Fifty thousand tobacco sticks, 500 tier rails. These are given sticks. Asa Magowan, (6-4tp) Levee, Ky.

"Patience is a good thing for a man to have but when he has got so much of it that he can flash all day long without any bite on his hook, laziness is what's the matter with him." Exactly so.

TAKING MILITARY TRAINING

Mr. W. H. Strossman, Jr., left Monday for Plattsburg, N. Y., where he will take a thirty days' course in military training and it is probable that upon his return he will be elected instructor in military tactics at the Mt. Sterling High School. Mr. Strossman is one of the foremost business men of this city and it is hoped military training will be added to the course at the local school.

The merchants of Mt. Sterling are alive—read their "Dollar Day" offerings for Saturday, August 12th, and don't fail to get your share of the bargains.

MARRY HERE

Mr. William Hopkins and Miss Edna Gray, both of Fleming county, were married by County Judge W. O. Chenault last Thursday in the presence of a few witnesses. The bridegroom is a son of Robert Hopkins and the bride a daughter of J. T. Gray, both of Flemingsburg. The marriage was an elopement and came as a surprise to the friends and relatives of the young couple.

For Rent—Modern cottage on Holt avenue. Apply to L. W. Lee, Phone 660 J-1. (6-3t)

CONTINUES TO WIN

"Willie McDonald," the good guided saddle mare sold this spring by Ray Moss and now in McCray Bros.' show stable, continues to win, having won two blues and two reds at Mt. Sterling, two blues and two reds at Harrodsburg, and last week was second in \$500 guided stake at Springfield. She has won in five harness, double harness, five guided sweepstakes and combined sweepstakes classes.

For Sale—Brick bungalow on Holt avenue. Immediate possession. Garden ready for use. Apply to (1-7t) L. E. Griggs.

WILL GO TO SHELBYVILLE

Miss Vivian Hasty will leave the latter part of the month for Shelbyville, where she has accepted a position in the graded schools of that city. Miss Hasty has been attending Normal College at Bowling Green for several months.

Vinegar for Sale.

Pure apple vinegar, 40c per gal. (6-2t) W. T. Tyler.

Speaking a good word is like kissing a pretty girl. You want to do it again.

FIELDS WINS EASY RACE

Big Congressman from Carter County Wins Over Riley, of Rowan, and Hiles, of Bracken.

Congressman W. J. Fields again has demonstrated that as a vote getter he is in a class by himself. Two years ago he won by a very large majority and again on Saturday of this month he won by a splendid margin. He was opposed by Judge J. W. Riley, of Rowan, and J. B. Hiles, of Bracken, two very strong men. Mr. Fields ran a remarkable race in this county, winning by 271, while two years ago he won by 162. There was little interest taken in the primary among the Democrats and a very light vote was polled.

In the Republican ranks there was considerable feeling manifested and quite a hot fight between the Kirk and Willis men was had, Kirk carrying the county by 60 votes, and from the latest reports he seems to be the winner in the Appellate Judges' race. Kash carried the county over Pennington for the Republican nomination for Congress but it looks like Pennington will be the Republican standard-bearer this fall. The election passed off quietly, there being no disturbances of any character reported.

Wednesday Night

The picture show will be under the auspices of the Mission Band of the Christian church. Be sure, and attend.

DANGEROUSLY ILL

As we go to press we are informed Mr. Caleb Kern is in a dying condition at his home in Bourbon county. He is the father of Hon. R. G. Kern, of this city, who is at his bedside.

For Sale—Pony, trap and harness, one of the nicest outfits in Mt. Sterling. 2t D. N. Young.

Subscribe for the Advocate and help some child win the pony, trap and harness given away Saturday.

COMMITTEE IS STILL BUSY

Investigating Committee Appointed By the City Council Has Not Finished Labors.

The committee composed of Attorney R. G. Kern, Judge R. H. Winn and Mayor C. K. Oldham, appointed by the City Council to investigate the cost of erecting and maintaining a municipally owned electric light and power plant has not yet completed its investigations. The committee has visited Morehead, Nicholasville and Harrodsburg and in those cities it found that the city was getting its light free; the commercial lighting being sufficient to pay all necessary running and upkeep expenses besides making a little money for the city. It also found that the commercial rate charged was not as high as is now being paid here. When the committee has completed its investigation it is thought it will be submitted to the people to vote on the proposition.

Winchester will shortly submit to the voters of that city the question of whether or not the city will own its own water plant.

Rooms for Rent—Mrs. W. P. Guthrie. (6-4t)

VICE PRESIDENT MARSHALL TO SPEAK AT WINCHESTER

Vice President Marshall tentatively has accepted the invitation of Kentucky Democrats to open their state campaign at Winchester September 9th. Representative A. B. Rouse, chairman of the State Speakers' Bureau, has so announced. He announced also that representative Thomas Hefflin, of Alabama, positively would be there.

Piano for Sale—Upright, in good condition, has recently been tuned. Phone 714.

WINCHESTER TO VOTE ON BOND ISSUE

At a recent meeting of the Winchester City Council it was decided to hold an election on November 7th, to take the sense of the voters on a \$180,000 bond issue to buy, build or otherwise procure a municipal water works plant for the city.

HERE'S A HOT ONE

The wife of a western hardware dealer answered her door bell and found a peddler on the front porch.

He was selling the "greatest potato-parer ever invented," and he gave a demonstration that convinced her at once, and she handed over the quarter.

When the husband came home, she showed him her bargain, and told him what she paid for it. Imagine her consternation when he said:

"I have a gross of these down in the store, and I sell them for 10 cents—when I find a purchaser."

The woman always has the last word, and hers was to the point: "Then, for goodness sake, why don't you let people know what you have for sale?"

Moral: Advertise to your home town folks in your home town paper—then your own wife won't ever "get stung."

SHOW HIM THE ROAD TO HOME

Don't care how the world is rollin'—Wherever your steps may roam, If ever you meet

With Happiness sweet,
Show him the road to Home!

Show him the road to Home
Where the honey's in the comb,
If ever you meet with Happiness
Show him the road to Home.

Wherever the home-lights twinkle,
In cabin or shining dome,
If Happiness stands
With outstretched hands,
Show him the road to Home.

Show him the road to Home,
No more in the dark to roam;
If ever you meet with Happiness,
Show him the road to Home!

The fact is much to be deplored that with most boys and girls the boy who spends the greatest amount of money for them in furnishing them entertainment, is the boy most admired and enjoyed. But, what becomes of him when his money plays out? He plays out too. Consequently, to keep his footing, he stifles his conscience and robs his employer, commits some other theft or gambles, in order to keep in the swim. The state of affairs is applicable to men and women in society. Many dark deeds are committed through a desire to supply the demands of worldly-minded wives and daughters. And again an honorable man, rather than sell his principles of integrity or meet the taunts and upbraidings at home, when he fails to supply their demands, prefers to send his soul to eternal death and thereby rid his physical self of life's burdens.

No matter how small a sin is, examine its tracks and you will find that they point straight toward the pit.

Montgomery Quarterly Court.

Owingsville Banking Company .Plff.
Vs. Judgment.
Ben KarriekDefendant

This cause coming on for trial and the defendant having been duly summoned, and failing to answer, and the Court being advised. Now adjudge that the plaintiff, Owingsville Banking Company, have judgment against the defendant, Ben Karriek, for the sum of \$354.75, with 6 per cent. interest thereon from Feb. 22, 1915, until paid, and its costs. Subject, however, to the following credits: \$7.00 as of Feb. 26, 1912; \$135.00 as of April 14, 1913, and \$55.00 as of April 22, 1913.

And it is further adjudged by the Court that the plaintiff has a first and only lien to secure the payment of its said debt, interest and cost, on one pair of five-year-old horse mules, one iron gray and one black, one red muley cow and her red suckling heifer, and that said property, or a sufficiency thereof be sold for the purpose of satisfying plaintiff's debt, interests and costs. And said property will be sold at the Courthouse door in Mt. Sterling, Montgomery county, Ky., and will be duly advertised and sold upon same time, terms, conditions as like personal property is required to be when sold under execution. And T. B. Rodman is appointed Special Commissioner of this Court to make said sale, and he is allowed the sum of \$7.50 for making said sale, to be paid by plaintiff and taxed as cost. The Special Commissioner will take bond or bonds payable to himself, with good security, due in ninety days from date of sale, bearing 6 per cent. interest from date of sale until paid. Thereupon, said Commissioner appeared in open Court and gave bond with R. A. Chiles as his surety, which bond is approved, and took the oath required by law. Said Commissioner will make his report at the next term of this Court. And this cause is continued.

Old Bob Murray had just left a tree Thursday morning when it was struck by lightning. He says if a person will always take that precaution he will never get killed.

Judge Hardy Hinton expects to be present at the footwashing service at Hog Ford next fourth Sunday. Last year he attended and came home with a fine pair of sox.

Little Eddie Schupp says he would not mind getting up every morning if it wasn't so much trouble to put on his clothes and wash his face.

Dell Hogaboom, the well known Snagtown druggist, says it is interesting to watch the ants at work in large droves, running to and fro on the ground, but that it is a hard matter to tell just what they are trying to do.

Old Bob Houghton, the clock peddler, has decided to come through Snagtown about every eight days, instead of going around through the Peavine Ridge community, he having put all the clocks in that section in good running order. He says so perfect is his knowledge of a clock that he can take one that is in perfect running condition and find something the matter with it.

The dogs along the road are merely wasting their time when they bark at J. Bart Parker, the mail carrier, because he does not pay any attention to them.

A large sized crowd was out to hear the Wild Cat road preacher notwithstanding the good weather.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Mt. Sterling. No Mt. Sterling resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. Mary F. Henson, 21 Strothers St., Mt. Sterling, says: "My health was very poor and I doctor-ed but in vain. I was almost helpless. I had nervous spells, headaches and my sight was poor. I often became dizzy and had to catch hold of something for support. Doan's Kidney Pills, procured at Dherison's Drug Store, made me well."

OVER THREE YEARS LATER, Mrs. Henson said: "What I said in praise of Doan's Kidney Pills before, still holds good. They do all they are claimed to do."

SYSTEMATIZE

Your household expenses by opening a bank account for your wife. Give her a check book and teach her the use of it. Pay the butcher, the grocer, the baker, with a check. Then at the end of the month you'll find out just how much it costs you to run the home. When payment by check is made there never is any doubt as to whether or not a bill is paid. The check is a receipt.

Besides, a checking account will give your wife a business education. The number of ordinarily bright women who know absolutely nothing of banking is surprising. If you are a husband, father, brother, you cannot tell when death may overtake you, and it is well that your wife, daughter and sister know something of banking.

A BAD PROVISION

Many newspapers are criticising various provisions of the state primary law and not without justification, but the most serious objection we find to it is that it prevents a large number of citizens from participating who have moved from one county to another March 1st. The law requires a voter to have lived in the state a year, the county six months and the precinct sixty days. Such a voter may have lived in the state all his life and would have lived in the precinct sixty days, but only five months in the county. In that way he is prevented from expressing any choice in the primary. He cannot go back to the county he came from, because he is no longer a legal resident of it and is therefore dis-franchised so far as the primary is concerned.

A citizen who had been at work in Ohio returned home Saturday to vote and when asked if one could get employment in the factories of the country, said "A blind man could, they are so busy." We consider this a very strong endorsement of the prosperous administration of Woodrow Wilson, especially when spoken by an old-line Republican.

We must not lose our county fair and all public-spirited citizens should attend the mass meeting Saturday. Don't leave it to the other fellow, but be on hand yourself.

SOCIAL EVENTS

Mrs. H. B. Turner entertained a few of her friends with an enjoyable Rook party at her home on Clay street Saturday afternoon in honor of her attractive guest, Mrs. Logan Fontaine, of Louisville. Ices and cakes were served and the guests spent a delightful afternoon.

Mrs. R. L. Vannarsdell was hostess at a delightful Rook party given at her home on West High street last Thursday afternoon in compliment to Mrs. Logan Fontaine, of Louisville. There were four tables and the affair was one of much enjoyment. A delicious luncheon of substantial was served.

Miss Frances Strode entertained very charmingly for her guest, Miss Leila Owings, of Mt. Sterling, and also for Misses Siler and Rose, at her home on Highland street Thursday. Golden glow and sunflowers were used as decorations, with artistic and pleasing effect. A dainty salad course was served.—Winchester Democrat.

Mrs. Henry R. Prewitt entertained with a Five Hundred and Bridge party Friday morning at the beautiful old Prewitt home on the Maysville pike. The house was tastefully decorated for the occasion and the assembled guests spent the hours most pleasantly. At noon a delicious luncheon was served and all present voted this party one of the most enjoyable of the summer. About thirty guests enjoyed Mrs. Prewitt's hospitality.

Miss Emma Petry Cooper entertained with a delightful lawn party at the home of her parents, Mr. and Mrs. J. Clay Cooper, on the Winchester pike last Wednesday evening. The lawn, which is one of the prettiest in the county, was beautifully decorated in plants, palms, ferns and other flowers, and was brilliantly illuminated with Japanese lanterns, which hung from the shrubbery, and added much to the charm of the occasion. Fifty young guests enjoyed the hospitality of the attractive young hostess, and interesting games of amusement were indulged in by the young folk. Elegant refreshments were served to the guests. The affair was one of the most enjoyable ever given in the county.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

HE HAD A LOT OF SENSE

(By E. F. McIntyre.)

There was an old geezer and he had a lot of sense. He started up a business on a dollar-eighty cents. The dollar for stock, and the eighty for an ad brought him three lovely dollars in a day, by dad!

Well, he bought more goods and a little more space, and he played that system with a smile on his face.

The customers flocked to his two-by-four and soon he had to hustle for a regular store. Up on the square, where the people pass, he gobbled up a corner that was all plate glass. He fixed up the windows with the best that he had and told them all about it in a half-page ad.

He soon had 'em coming and he never, never quit, and he wouldn't cut down on his ads, one jiff. And he's kept things humming in the town ever since, and everybody calls him the Merchant Prince.

Some say it's luck, but that's all bunk—why he was doing business when the times were punk!

People have to purchase and Geezer was wise—for he knew the way to get 'em was to advertise.

ADVANCES IN WHEAT PRICES

RESULT OF CROP SHORTAGE

Recent advances in the price of wheat in Central Kentucky markets have encouraged growers of the grain who were gradually planting other crops on lands formerly used for this purpose to consider raising the crop again.

Some Kentucky buyers have paid \$1.28 a bushel for wheat, while \$1.35 a bushel has been paid on the Chicago market. Such prices are unusual for early season. Excessive heat and black rust in the great wheat-producing states of the Northwest have brought about the advances.

There has been a proportionate advance in flour on Kentucky markets. Experts would not venture an opinion on probable prices of flour this winter, because of the great shortage in wheat.

Advances in wheat have usually come later in the season than they have this year. Because of this profits have gone generally to the speculator. Co-operation among wheat growers may result in the farmer getting a good price for his product even though advances on the big markets are not brought about until late in the season.

General indications point to a further advance in wheat prices, because of the great shortage in this year's crop.

PROFIT IN LIVE STOCK

Cost of Growing Beef Cattle in the Corn Belt States—Adds to Farm Income in Most Cases.

That cattle in most cases add to the farm income in the corn belt is indicated by the results of a recent investigation conducted by the Department of Agriculture as part of a comprehensive study of the meat situation in which its specialists have been engaged for some time. The direct profit from the raising of calves in this section, the averages seem to establish, is usually small, but the investigators point out that there are other factors which make the practice more advantageous than would appear at first sight.

Among these advantages are the fact that live stock on the farm provide a home market and a means of utilization of farm roughage, some of which might be wasted if not fed, and the use of pastures which could not be employed profitably in any other way. Live stock also affords a ready home market for certain other crops, which at times would have to be hauled considerable distances to be sold. Finally, the presence of live stock on the farm gives productive employment throughout the year to labor which at certain seasons might otherwise be idle. Live stock also gives some interest on capital invested on equipment, which would produce nothing if not utilized at all seasons. The fertilizing value of manure also must be considered.

MONTHLY HEALTH REPORT

The Montgomery County Health and Welfare League met Tuesday afternoon to hear Miss Margaret Frost's monthly report as Community Nurse, and transact such business as was necessary for the month's work. The League approved the work done by Miss Frost, and submit the report to the general public. Following is Miss Frost's report for July:

Number of patients, 30; deaths, 3; tuberculosis cases, (sputum cups given), 8; surgical dressings, 7; obstetrical, 1; treatments, (alcohol rubs, douches, etc.), 2; sick visits, 95; social visits, 18; business visits, 214; metropolitan visits, 32; total number of visits, 315.

WELFARE WORK

Number of families provided food, 3; number of members of each family, (total), 17; services of dentist rendered, 1; services of specialist rendered, 1; rest room at the Fair, 1; fly traps placed at all business houses, 160; prominent places cleaned and lime sprinkled, 2; house fumigated, 1; public talks, 4.

The League thanks the police force for their courteous assistance to Miss Frost in placing the fly traps.

Cash-In On Courtesy.

One of the best business assets costs nothing—it is courtesy. The man who entertains a real liking and sympathy for his fellow creatures will never be found wanting in true courtesy. All successful advertising men are courteous. Can you name an exception? We think not. Courtesy gets attention and creates good will, which are essential prelude to good advertising contracts.

When these factors are taken into consideration, even though there appears to be little or no profit as shown by cost figures, it is believed that in most instances the farm income is greater because of cattle having been kept on the farm. The keeping of live stock, therefore, is to be recommended on farms having large quantities of cheap roughage available or having land which can be best utilized as pasture.

The figures of costs cited by the investigators are purely averages based on actual farms and herds investigated. The investigators obtained in 1914 and 1915, 596 records from farms in Indiana, Illinois, Minnesota, Iowa, Missouri, South Dakota, Nebraska and Kansas. These records dealt with 14,614 cows, 621 bulls, and 12,501 calves produced from them, of which 2,023 were classed as baby beef.

Do any of us know the power of influence? Give a child his first years in a loving Christian home, a good, noble mother, a concerned, loving father all harmoniously working together for the good of mankind, that home may be humble, but home in the truest sense of the word. And after years may bring temptations and trials and cares, but the influence of that home can never be blotted out nor its power for good ever overestimated. Surely environment is stronger than education. First influences will last until life itself is gone. If ever influence counts for so much ought we to ever grow weary striving to make that influence strong for good? But how soon when we have made good resolutions and promised to be more thoughtful and kind, do we fall back into the old listlessness and let opportunities for good pass by, that would make us rich, with their blessings.

PINK CORN-WORM

Carbon Bisulphid Recommended as a Means of Preventing Loss in Crib from this Pest.

Losses from the pink corn-worm in certain sections of the South have become so great in recent years that the department has conducted a study of the best methods of controlling this pest. The insect first attacks the corn in the field, but is carried with it into the crib, and there does the greater part of its damage. Corn which has already been damaged by the corn-earworm is particularly susceptible to the pink corn-worm. For this reason Bulletin 363, a professional paper of the Department of Agriculture, which contains the results of the study of this pest, points out that in infested regions no corn should be left in the field any longer than is absolutely necessary to dry it. It should be husked as soon as possible, the badly infested ears fed to swine or poultry, and the others fumigated, in order to prevent the spread of the pest to other corn stored in the same crib.

For fumigation, carbon bisulphid is recommended by the author of the bulletin, F. H. Chittenden. This is less poisonous to human beings than hydrocyanic-acid gas, but its inflammability makes precaution against fire imperative. On this account fumigation should always be done in daylight, and no artificial light of any kind allowed in the neighborhood. Even electric light should not be used, on account of the sparks caused by turning it on and off.

Disinfection with carbon bisulphid is accomplished by allowing it to evaporate from flat vessels which should hold one-half pint or more each. These evaporators are placed in the higher parts of the bin or room to be fumigated. The gas settles downward and suffocates the insects its encounters. From 2 to 3 pounds of carbon bisulphid are usually sufficient for 1,000 cubic feet of air space. In practice this is equivalent to 1 pound to 100 bushels. After fumigation the bin should be kept as tightly closed as possible for about 36 hours. This can be done without destroying the germinating power of the seed. In open cribs, of course, this method of fumigation is not successful, and the corn must be covered with heavy tarpaulin or canvas.

The pink corn-worm does not confine itself to the kernels, but attacks the husks and cobs of corn as well. The eggs are deposited in ears, the tips of which are more or less open as the result of the work of the work of the corn-earworm. When hatched the young insects penetrate the kernel, destroy the embryo or germ, and work outward to the crown. The layers of husk just under the outer sheath are also badly eaten in many cases. Although it has been known for many years, this insect was not recognized as a serious pest in corn-cribs until 1914. In that year many complaints were received by the department, particularly from Mississippi. The pest is also found along all of the states bordering on the Gulf, and in Arkansas, Tennessee, South Carolina and Georgia.

KEEPING POSTED

"I see Blinks always carries a volume of the encyclopedia with him to read on the ears instead of a newspaper."

MOONLIGHT SCHOOLS

BEGIN SESSION

Moonlight schools will begin their session on Monday evening, August 14th, throughout the state. The session will run for twenty-four evenings, four evenings each week, the hours being from seven to nine o'clock. The Kentucky Illiteracy Commission, Frankfort, Kentucky, furnishes instructions and equipment for such schools. Teachers are volunteering by the thousands and many counties are setting high aim. In Clay county every teacher has volunteered for the third successive year and they plan to teach one thousand to read and write before the session closes. Leslie and Cumberland counties have also sounded the slogan: "One thousand taught to read and write." McCreary plans to wipe out illiteracy this year and has the slogan "No Illiteracy in McCreary County in 1917." How many teachers in your county have volunteered? How many moonlight schools will there be? How many will be taught to read and write?

We have been reading a lot lately about those man eating sharks that suddenly appeared along the Atlantic coast and frightened the bathers from the water. But we note, without surprise, that not a chirp is vouchsafed regarding the two-legged sharks that infest the bathing beaches and devour the young girls who daily fall into their clutches. But, then, the two legged shark is socially, politically and financially powerful and it would be extremely discourteous and unwise to disturb him in the enjoyment of his "innocent pastime." A shark is a shark, for his status is qualified by the bread.

The school boy should really learn the lesson that the ripest, biggest cherries are at the top and that nine out of ten of his fellows will be crowding for places to pick around the base of the trees where the small, wormy fruit grows. There is plenty of room at the top; there are plenty of cherries growing there. The lucious fruit is ready for the picking and ever smiles a welcome to the hustler to climb up and obtain possession. The best things in life require considerable effort to get, and that's why the strongest men and women have them.

Truth lies at the heart of the Diamond, where its myriad rays converge. Each soul is a ray whose inner eye can follow the ray back to its source and know Truth. Reason is compass on a trackless sea, but it guides not to Truth, nor could words translate it. Only the heart of man lit by love can reach Truth, whose language is the language of love.

GUARANTEED TEN YEARS

The extra strength of the Rex Typewriter can be seen.

The type-bars are of 1-16 inch thickness, instead of the usual 1-32. The type-bar-bearing surface is, on the average, four times greater than on any other typewriters of standard design. In every part there is extra strength.

The Rex is built to outlast all others. Factory tests show an equivalent of 25 years' daily service.

The manufacturers consider 10 years a reasonable guarantee.

Why buy a typewriter of less strength?

Extra Capacity

Letter writing is not all a typewriter should do.

The carriage on the Standard Rex Model is 11 inches instead of 9. It is built for writing on wide blanks, insurance policies, deeds, abstracts, contracts, etc.

Why buy a typewriter that only writes letters?

It writes on cards, labels, tags. It prints in two colors without changing ribbon—serves as a check-protector. It is made ready for stencil-cutting without removing ribbon. It mani-

folds from 5 to 20 carbon copies at one writing.

The tabulator and back-spacer are operated by keys. They are in-built—not added attachments.

When the end of the line is reached, the Rex locks automatically.

The Rex is a full visible writer—not necessary to move any part of the typewriter to see all you are writing and have written.

Why buy a typewriter that lacks any of these features?

Extraordinary Price

\$57.50, f. o. b. factory, would be a low price for any standard typewriter. For a typewriter of extra strength, extra capacity, extra features, it is an extraordinary price.

Why pay more and receive less? Compel those who ask more to give more.

Monthly Payments

For a little more the Rex can be had on monthly payments. It will pay for itself from earnings.

MASS MEETING CALLED IN INTEREST OF FAIR

There will be a public mass meeting held at the Courthouse in Mt. Sterling, Ky., on Saturday afternoon, August 12th, at 2:30 o'clock, in the interest of and for the benefit of the Montgomery County Fair Association. When the Fair Association was organized with a capital of ten thousand dollars in stock there was only sold \$7,887.50 worth of the stock, and the balance of \$2,112.50 will be placed on the market at Saturday's meeting. The Association owes a sum of money which has to be raised at once and if the Fair is to be perpetuated and continued the citizens of this city and the county must come to its aid. We believe that there is enough loyalty and interest in this county to raise a good sum of money by subscribing for stock or making direct donations to the Association in order to liquidate a debt which the Association has been carrying since its organization. The Montgomery County Fair Association has followed the Chautauqua for three years and the gate receipts have dwindled as a consequence of the two meetings coming so close together. The Montgomery county Fair is the biggest asset that the city and county has and brings thousands of dollars to Mt. Sterling each year that is spent with the merchants and the business men. It is an advertisement second to none to the city, and the city is known far and wide on account of the Fair alone. During the last exhibition it is estimated that there was spent approximately \$9,000 in the city directly as a result of the Fair, which shows that it is the biggest and best drawing card that Mt. Sterling now has. The Fair cannot continue longer in its present condition unless the citizens of the county and city come to its assistance. The Directors of the Association have made a hard and game struggle to keep up this institution which means so much to Mt. Sterling in a business way and to Montgomery as a stock center, but they cannot longer keep up the fight alone. It is up to the citizens of the county to join hands with the Directors and come to the assistance of the Fair with their means and their energy. Both are needed. It is conceded that the Fair this year was the best ever given by the Association, but the patronage of the city and county people was lacking. Do you want to keep the Fair going? Are you willing to take some stock in the enterprise or make a direct donation of any sum to help pay the indebtedness of the institution. Have you the interest of your county at heart? If you have, attend the mass meeting at the Court House next Saturday afternoon at 2:30 o'clock and join in the effort to keep alive the Montgomery County Fair. This meeting should be attended by every citizen of the city and county who is interested in the Fair and all are invited to attend. There should be at least 100 public-spirited citizens in this county who are willing to give the sum of \$25 each to help keep the Fair alive and perpetuate it, and plenty of others who can give \$10 or some other sum. If you want the Fair to continue come to the meeting and help keep it going. If you do not want to subscribe for stock give your contribution direct no matter how large or small. It is your Fair and you should not let it go. If you believe in your city and county and the Fair join in the movement to make it bigger and better next year. The continuation of the Fair means a trotting and running meeting in this city. Be a booster for your home town and county; get with the crowd who are making the fight for the continuation of the Montgomery County Fair and attend the meeting next Saturday and show by your presence and the giving of your means that the Montgomery County Fair must stay. It is up to you, what will do about it?

WILL FILED

The last will and testament of Miss Melissa Garrett has been filed in the office of the County Court Clerk and admitted to probate. The will is dated August 25, 1910, and witnessed by J. S. Frazer and R. B. Apperson. The will directs that her one-half interest in the personal property owned by her sister Nancy and herself shall become the property of said sister, Nancy Garrett, who shall assume the payment of her just debts and funeral expenses. After a few minor bequests she directs that her landed estate shall go to her sister, Nancy Garrett, for and during her natural life, and at her death to go to her nephew, Buford Boone. She nominates said Buford Boone as Executor of the will and requests the court not to require any surety as such.
